

# GERMAN COCKROACHES

## Commercial Properties

### What you should do before a treatment

- Clean all floors, removing all food scraps.

## Residential Properties

### What you should do before treatment

- Clean all floors, mopping and vacuuming (this can't be done for 7 days after the treatment).
- Clean up all exposed food and food scraps
- Where practical pull furniture away from skirting boards.
- Empty cupboards if convenient (in particular ones beneath sinks – laundry, kitchen and bathroom).
